2. Executive Summary

This proposal outlines a comprehensive digital marketing strategy for Woodiva Home, a brand specialized in modern furniture and smart space-saving solutions. Our goal is to transform Woodiva's digital presence into a high-converting sales engine through data-driven strategies and creative content.

3. Project Objectives

- Brand Awareness: Establish Woodiva as a pioneer in functional modern furniture.
- Digital Presence: Build a seamless customer journey across social media and web platforms.
- Lead Generation: Implement targeted campaigns to drive sales for space-saving furniture.

4. Strategic Pillars

- Content Marketing: Highlighting "Smart Living" through video storytelling (Reels/TikTok).
- Platform Focus: Optimizing Instagram and Facebook for visual inspiration and Meta Ads for conversions.

- Market Analysis: Competitor benchmarking and audience segmentation (Homeowners & Interior Designers).

5. Expected Outcomes

- A fully integrated digital marketing funnel.
- Increased engagement rates by 40% within the campaign period.
- A professional brand portfolio ready for the local market.
